Breeders' premiums

A unique breeders' premiums system: French Racing industry supports breeding by distributing breeders' premiums which vary whether horse races on the flat or over the jump. It concerns French-bred or assimilated French-bred horses, and these premiums are calculated on the basis of prize-money plus the owners' premiums.

Flat

FOR HORSES BORN FROM 2014 ONWARDS:

FOR FLAT RACES – IN FRANCE

For horses from 2yo and up

13% in open races, where owners' premiums apply by a stallion based in France (otherwise 8,5%).

16% in races restricted to French-bred horses by a stallion based in France (otherwise 12%).

13% for French-bred AQPS, Arab and Anglo-Arab horses by a stallion based in France (otherwise 8,5%).

18% for French bred AQPS, Arab and Anglo-Arab horses in races restricted to French-bred horses by a stallion based in France (otherwise 14%).

FOR FLAT RACES – OVERSEAS RACES

15% This only applies to winners of Group races (part 1 International Cataloguing Standards & Groups reserved to Purebred Arabians), with an annual limit of €15,000 per horse providing that the horse is by a stallion based in France (otherwise 10%).

FOR HORSES BORN BEFORE 2014:

13% in open races, where owners' premiums apply.

16% in races restricted to French-bred horses.

For French-bred AQPS, Arab and Anglo-Arab horses:

13% in open races, where owners' premiums apply.

18% in races restricted to French-bred horses.

Jump

FOR JUMP RACES – IN FRANCE

And 1,5 additional point in “Premium races” restricted to 3 yo, 4 yo, and 4 & 5 yo horses.

FOR JUMP RACES – OVERSEAS RACES

10% for winners or 2nds of Group 1 and 2 races, and the Aintree Grand National. This only applies to horses by a stallion based in France.

80% payed shortly after the race and the difference at the end of the year depending on the success of French-breds. There is an annual limit of €15,000 per horse.
